The Barairo dorm is in the shape of a "C" so it's separated - boys on one side and girls on the other

At night after 10 pm it's prohibited to visit the rooms of students of the opposite sex

The dining hall is shared by both girls and boys and there are certain times when the girls can use the bath and when the boys can use it

Life with boys here won't be so bad!
It's a good mood
